

TRAVALO

Consumers now have a better way to carry their favorite perfume or cologne on-the-go thanks to Travalo. It's the perfect travel solution! Travalo allows you to take your favorite scent in your purse, gym bag, or suitcase. Brought to you by vivabox, Travalo is a refillable atomizer bottle with a patented easy fill system, which quickly transfers perfume from a full-sized bottle into a travel-sized container.

Most perfumes come in heavy, expensive glass bottles that are not portable. In the past, pouring perfume from the full-sized bottles into travel-sized containers has been messy and complicated. With Travalo's internal pump system it is now quick and easy to transfer perfume and take it to go.

TRAVALO RETAIL

For more information and to purchase Travalo please visit www.TravaloStore.com. Travalo will be available at select Target, CVS, and boutique retailers just in time for the holidays.

VIVABOX

Vivabox combines the freedom of choice with the personal touch of a real gift. These are unique gifts where the recipient discovers a gift inside, experiences a sample of something new, and redeems the gift card for their choice from a menu of items. Vivabox stands out from the crowd by being more than just a gift...an unforgettable gift experience. Vivabox is the parent company of Travalo in the USA.
